McEwen Mining Inc. has four producing mines, located in Nevada, Ontario, Mexico and Argentina, and also owns a very large, underdeveloped copper deposit in Argentina. Our goal is to further develop into a strong and profitable gold and silver producer, focused on the Americas. In order to do that, we need great talent. McEwen Mining currently has an opening at our **Fox Complex** for a:

Supply Chain Superintendent

Reporting to the Controller, the Supply Chain Superintendent is a full-time position, responsible for building strong internal and external relationships while leading the on-site functional procurement of materials, equipment, services, logistics and warehousing in the development and implementation of best-in-class strategic construction and operational sourcing strategies.

Primary Responsibilities Include:

- Develop and implement procurement strategies to control, spend, and negotiate favourable contractual terms with suppliers and contractors
- Lead RFP process and contract formation / administration
- Oversee and manage purchasing and warehousing, mentoring and supporting functional leads
- Track and report key functional metrics to reduce bottlenecks and improve overall procurement effectiveness
- Drive and monitor adherence to policies, procedures, and systems by the Procurement Department
- Manage risk and unfavourable events by analysing data and preparing control strategies
- Support site management and provide advice on procurement strategies
- Develop and maintain a sound working relationship with Maintenance Planners to ensure no procurement-related disruption occurs
- Develop and maintain sound relationships with clients, suppliers, and external agencies
- Control and monitor contract workflow, and Vendor onboarding and compliance reporting
- Review End User scopes of work, specs on contracts, conduct price negotiations and obsolescence strategies
- Conduct and manage contract reviews, ensuring accuracy of contracts, bids, invoices, and purchase records, including claims management
- Coordinate and monitor audit processes within Procurement
- Investigate questionable data and report any variances identified across all processes and systems
- Prepare and submit commodity use report
- Prepare and submit reconciliations as required

Qualifications and Skills Requirements:

- Bachelor's Degree in Business, Supply Chain, Accounting, or related field is preferred
- Certification is preferred - Contract Management & Procurement
- At least 5 years of experience in a supervisory role is preferred
- 3 or more years of experience working in procurement in a mining environment required
- Valid driver's licence and reliable means of transportation

Diversity and Inclusion

McEwen is strongly committed to Diversity and Inclusion and aims to create a healthy, accessible, and rewarding work environment which highlights employees' unique contributions to our company's success. As an equal opportunity employer, we welcome applications from all to help us build a diverse workforce which reflects the diversity of our communities, in which we live and work.
